

INSTITUTO MATTOS FILHO >

Mattos Filho, Veiga Filho, Marrey Jr e Quiroga

The Institute

The Mattos Filho Institute is an initiative by our partners with a mission to expand access to justice and legal learning. Its key objectives include encourage pro bono work, grant scholarships to diversify the profile of law professionals, develop new methodologies to disseminate legal knowledge, and support initiatives by civil societies geared towards diversity and citizenship.

Investments funds

As a way for the Institute to maintain its operation with sustainable subsidies over time, an investment fund will be set up. This fund will be managed independently and autonomously from Mattos Filho, with capital being raised through financial contributions from our partners. As a result, 20% of the annual earnings of these investments will be converted to donations to the Mattos Filho, Veiga Filho, Marrey Jr e Quiroga Institute, while granting each investor the option to increase this percentage. In addition, resources will be raised through direct donations from the partners.

Expand access to justice and legal learning

Social impact

The Institute is an important initiative that will broaden the scope through which our partners can contribute to society, giving back to it some of the benefits that they have earned. The Mattos Filho, Veiga Filho, Marrey Jr e Quiroga Institute will be structured to permit it to become more expressive over time, increasingly making a social impact on Brazil and with a long term perspective.

Our board of directors is composed by Ary Oswaldo Mattos Filho, Glauca Lauletta Frascino, Giovani Loss, José Eduardo carneiro Queiroz, Marina Anselmo Schneider, Marina Procknor, Otávio Uchôa da Veiga Filho, Pedro Luciano Marrey Jr and Renata Correia Cubas. The management board is formed by Flavia Regina de Souza Oliveira, Paula Vieira de Oliveira and Roberto Quiroga Mosquera.

Scope

Promote
pro bono work

Grant scholarships to
diversify the profile of
law professionals

Develop new methodologies to
disseminate legal knowledge

Support initiatives by civil societies geared
towards diversity and citizenship
